|---|---|
| <b>Program Overview</b>                     | Accelerate Institute’s Leadership Academy is a 1-year program focused on the strategies school leaders need right now to boost their leadership and management practices. The program will help leaders think about school systems as a whole and backwards map how to design their team structures, data management systems, and priorities so they can effectively support their teams towards meeting academic and cultural outcomes. Participants will develop concrete, actionable ideas and enhanced skills they can use to better support their schools, directly impact student achievement, and build/refine the skills necessary to be transformational school leaders. |
| <b>Program Areas of Focus</b>               | Change Management and Strategic Planning<br>Leading effective teams and managing staff<br>Building a productive and aspirational student culture<br>Managing a Data Driven Culture<br>Developing a teacher support cycle (professional development, coaching, and data analysis)  |
| <b>Program Location</b>                     | Remote/virtual – open to state-wide participants  |
| <b>Program Duration</b>                     | 1 year  |
| <b>Program Touch Points</b>                 | The CO Leadership Academy includes 3 components: <ol style="list-style-type: none"> <li>1. 4.5-Day Bootcamp (Summer 2021): virtual classroom with a mixture of both live and independent sessions each day</li> <li>2. Accelerate Online courses: online learning program with 5 courses throughout the 2021-22 school year; courses are asynchronous and each one takes about 2-3 weeks to complete</li> <li>3. Forums: live virtual sessions to bring the cohort together for additional learning, discussion, and support aligned to the Accelerate Online coursework</li> </ol>   |
