CoAlt: Science and Social Studies Spring 2017 Student Data File Field Definitions

Listed below is the file layout for the CoAlt: Science and Social Studies Student Data File and instructions for accessing the file. The district and school files are in .csv format. The first row of the file contains the headers; subsequent rows contain the data.

Student records will not have aggregate score information in fields ES-GB if the record has a Not Tested or Void Code applied. For student records with no Not Tested or Void Code, fields ES-GB will contain data appropriate for the particular subject and grade.

Note: The CMAS and CoAlt: Science and Social Studies, CMAS: PARCC ELA and Math, and Colorado Spanish Language Arts (CSLA) layouts are identical from the State Abbreviation field (A) to the Responsible School Name field (ER). Some fields may be filler in different files.
