Subject: \*DTC\* - CMAS Technology Update 1/09/2019

Contact: Collin Bonner, [Bonner\\_C@cde.state.co.us](mailto:Bonner_C@cde.state.co.us)

### **In This CMAS Technology Update:**

- TestNav Support Added
- Proctor Caching Support Added
- Restored 2018 PearsonAccess<sup>Next</sup> TestNav Configurations

#### **TestNav Support Added**

Pearson has added TestNav support for the following:

- iOS 12.1.1
- Chrome OS 71
- Windows 10 version 1809

#### **Proctor Caching Support for Macs Added**

Pearson has added Proctor Caching support for Mac OS 10.14. Districts planning to use Pearson Proctor Caching on Mac OS 10.14 should contact the Pearson Helpdesk for the installer and instructions. The Pearson Colorado support phone number is 1-888-687-4759.

#### **Restored 2018 PearsonAccess<sup>Next</sup> TestNav Configurations**

While preparing Colorado's PearsonAccess<sup>Next</sup> configurations for spring 2019, Pearson removed TestNav configuration data from the 2018 CMAS administration. Pearson plans to restore the 2018 TestNav configurations while preserving newly created TestNav configurations created by districts this fall.

Next Steps:

1. Pearson will upload the 2018 TestNav configurations to PearsonAccess<sup>Next</sup> on the morning of Thursday, 1/10/19 for districts that have not created new TestNav configurations since the 2018 administration.
2. If your district entered a **new** TestNav configuration before **Friday, 1/4/19**, the new TestNav configurations **will remain** in PearsonAccess<sup>Next</sup>.
3. If your district entered a **new** TestNav configuration **between Friday, 1/4/19** and the end of day today, **Wednesday 1/9/19**, CDE recommends that you [save your new TestNav configuration](#). If you encounter any issues with saving your TestNav configuration, please contact Pearson Colorado support at 1-888-687-4759.
