# ESSER III State Set Aside Stakeholder Engagement

The remaining funds to be allocated at the state level equates to approximately \$132 million:

- We want to ensure we stop, think big and creatively, gather input, and use this funding to truly make a difference for our students in Colorado.
- Our top priority is to close the opportunity and achievement gaps that have been exacerbated by the pandemic.

In July, we had 9 listening sessions. In August, the stakeholder input will be shared with the State Board of Education. The State Plan is due to the US Department of Education at the end of August.

**\$58.3 M**  
for evidenced based  
interventions to address  
learning loss

**\$11.7 M**  
for summer  
programming

**\$11.7 M**  
for after school  
programming

**\$50.5 M**  
for other allowable  
activities in response  
to COVID-19

# Allowable Uses of Funds

ESSER I, II, & III funds **MUST** be used to  
address the impact of COVID-19

Funded Activities must be ***Allowable,  
reasonable, and allocable***

Funds must be budgeted and obligated during the award period  
and fully spent prior to the end of the tydings period

# Allowable Uses of Funds

Any activities allowed under **ESEA, IDEA, AEFLA, or Perkins CTE**

**Coordinating preparedness and response efforts** with State, local, Tribal, and territorial public health departments

**Training** and professional development on **sanitizing and minimizing the spread of infectious diseases**

Purchasing **supplies** to sanitize and clean the LEA's facilities

**Repairing and improving school facilities** to reduce risk of virus transmission and exposure to environmental health hazards

**Improving indoor air quality**

**Addressing the needs of children** from low-income families, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth

Developing and implementing procedures and systems to **improve the preparedness and response efforts of LEA**

# ***Allowable Uses (Cont.)***

**Planning for or implementing *activities during long-term closures*, including providing meals to eligible students and providing technology for online learning**

**Purchasing *educational technology* (including hardware, software, connectivity, assistive technology, and adaptive equipment) for students that aids in regular and substantive educational interaction between students and their classroom instructors**

***Providing mental health services and supports*, including through the implementation of evidence-based full-service community schools and the hiring of counselors**

**Planning and implementing activities related to *summer learning and supplemental after-school programs*;**

***Addressing learning loss*; and**

**Other activities that are necessary to *maintain operation of and continuity of services*, including continuing to employ existing or hiring new LEA and school staff**

**LEAs may also take their unrestricted indirect cost rate from any of the ESSER grants**

**<https://www.cde.state.co.us/cdefinance/icrc>**

**List of allowable activities:**

**<http://www.cde.state.co.us/caresact/crf-allowableexpenditures>**

# Reasonable and Allocable Uses of Funds

## Reasonable

A prudent person would determine that the amount spent is reasonable

- Fair market value for the regions
- Based on period of use

## COVID-19 RESPONSE

## Allocable

Necessary to respond to, prepare for, or prevent the spread of COVID-19

# Guiding Questions to Determine *Reasonableness, Necessity, and Allocability*

- What process was used to identify the needs of students, educators, and staff?
- What activities, supports, or services would help meet those needs the best?
- Are these activities/items listed as allowable under ESSER?
  - [CARES Act 18003(d); CRRSA 313(d)]
- How does this activity/item help prevent, prepare for, or respond to COVID-19?
- Is this a cost-effective way to do this work?
  - Would a prudent person say this was a reasonable expense?
  - What is the fair market value for this activity/item?
- Does this activity/item meet district policies?
- Does this activity/item meet state requirements?
- For capital expenditures, was prior written approval obtained?
- Is proper documentation in place to demonstrate the above in the event of  
17 monitoring or an audit?

# Common Uses of ESSER Funds

Purchasing educational technology for students and staff, including both software and hardware

Remote learning supports including electronic media curriculum

Preparedness and response activities and supplies, including PPE and sanitation

Repairing/improving school facilities to reduce health hazards including air-filtration and ventilation

Mental health supports for students including counselors

Instructional support to counter learning loss, including curriculum purchases and intervention, e.g. tutoring and intervention staff

Summer learning and supplemental after-school programs

Augmenting staff salaries including extra duty pay or stipends for supplemental instructional time

Other activities that are necessary to maintain the operation and continuity of services including hazard pay for teaching in-person and salaries to maintain staff

# Applying for Funds

# Reimbursement Grants

Substantial Approval – can plan for and obligate funds  
Final Approval – can draw down funds (request reimbursement)  
• Must spend general or other funds and then request reimbursement

- **ESSER I and II**
  - A full application submitted by the due date (December 31, 2020 and September 30, 2021, respectively) = substantial approval
  - Spend and submit Request for Funds (RFF)
- **ESSER III**
  - Preliminary application – assurances, acceptance, and GEPA – May 23, 2021
  - LEA Plan – budget and responses to narrative questions – December 16, 2021
    - Can submit just narrative questions and then submit budget by March 24, 2022

# ARP ESSER III – Additional Requirements

## ARP ESSER III has three additional requirements that were not in ESSER I or II

### Set Aside for Evidence-Based Interventions

- A minimum of **20%** set aside to provide evidence-based interventions to address the academic impact of lost instructional time (or impact of the pandemic)
- Evidence-based interventions (ESSA Section 8101(21)(A)) – Resources
  - Summer Learning Programs
  - Summer Enrichment Programs
  - Extended Day/School Year
  - Comprehensive afterschool programs

### Safe Return/Remain In-Person Plan

- Mitigation strategies to ensure safety and health of students and staff
- Posted on LEA website within 30 days of award
- Must be updated every 6 months

### LEA Plan for Use of Funds

- Use of at least 20% set aside
- Use of at most 80%
- Ensuring that evidence-based interventions are addressing the academic, social, emotional, and mental health needs of students

# Post Award Revisions (PAR) – Changes Allowed After Final Approval

- LEAs may submit Post-Award Revisions after receiving final approval and recommended to do so for the following reasons:
  - Any changes to equipment purchases require program approval
  - To update indirect costs if the LEA:
    - Overrode the indirect amount allocated, or
    - Will now take the full indirect cost rate
  - To reflect changes in the project/program scope or objective, such as:
    - PD activities to purchasing Instructional materials
    - PD activities to hiring an Interventionist
  - Changes among direct cost programs (Instructional, Support, Improvement of Instructional Services, or Administrative) or object categories (Salaries, Benefits, etc.) that exceed, or are expected to exceed, 10% of the total budget for that category as last approved

# Request for Reimbursement

- Payment requests received by first of the month will be processed for payment that month.
- Formsite/RFF links can be found here:  
<http://www.cde.state.co.us/cdefisgrant/requestforfundsforms>
- Please refer to the Grants Fiscal website to see remaining balances of ESSA funds:  
[http://www.cde.state.co.us/cdefisgrant/grant\\_distribution\\_reports](http://www.cde.state.co.us/cdefisgrant/grant_distribution_reports)

- CDE recognizes that districts may encounter cash flow issues related to ESSER
- We are investigating several possible solutions if / when these issues arise
- Please reach out if / when you are concerned about cash flow to:
  - Kate Bartlett, [bartlett\\_k@cde.state.co.us](mailto:bartlett_k@cde.state.co.us) and
  - DeLilah Collins, [collins\\_d@cde.state.co.us](mailto:collins_d@cde.state.co.us)
- The best hedges against cash flow issues are:
  - For approved applications, draw down funds regularly!
  - Submit your application and partner with us to get it to final approval as quickly as possible so that you can begin to request reimbursement

# ESSER Reviews: Feedback & Streamlining

## Feedback we have received

- Timeliness of response
- Level of detail required
- Consistency of response

## Impacts

- Delays in review, extensive back and forth, then delay implementation of the strategies
- Delays in final approval, GALs are starting to cause cash flow issues
- Inconsistency in response causes frustration

## Actions we are taking toward solutions

- Reduction in level of detail and feedback required during reviews, particularly in the areas of program code and object code
- Clarification and simplification for review teams on how to determine “reasonableness” of a budget line in different categories. Example: software
- Shifting some feedback from needing to be addressed before final approval, toward an ability to address during post award revision
- Continued and expanded development of consistent responses for reviewers to include when providing feedback
- Development of [standardized budget entries](#) for various common activities

# Other School Finance Topics: Mill Levy Correction

- June 2020: [HB20-1418](#) signed (see Section 33). Required districts to levy the number of mills specified by the requirements in the bill, including the establishment of temporary tax credits, if necessary, to correct historical errors.
- December 2020: If required, districts included temporary tax credits when certifying property tax mills related to the local share of total program for the 2020 tax year.
- March 2021: [HB21-1164](#) introduced. Required CDE to implement a correction plan for districts with temporary tax credits. Specifically, the plan must ensure that districts incrementally reduce the temporary tax credits “as quickly as possible but by no more than one mill each property tax year,” beginning in the 2021 tax year.
- May 2021: Colorado Supreme Court ruled in an [interrogatory](#) that HB21-1164 is constitutional.
- June 2021: [HB21-1164](#) signed into law.

# Other School Finance Topics: Mill Levy Correction Next Steps

## *Confirmation of Mill Levy Tax Credits*

- CDE is following up with individual districts to confirm the mill levy credit, including supporting documentation for the tax credit.
- Districts have been asked to consider submitting a copy of their documentation to [schoolfinance@cde.state.co.us](mailto:schoolfinance@cde.state.co.us) by October 15

## *Correction Plan Subcommittee*

CDE has formed a stakeholder group to advise the department on the development of the correction plan. If you would like to participate, please let us know.

## *Communication Support*

*Districts with temporary tax credits begin to ratchet them down in the December 2021 mill levy certification*

# Other School Finance Topics: Mill Levy Correction Example

District A has a mill levy target of 27 mills based on the requirements of HB20-1418. In 2020, it was levying 25.0 mills. Taxpayers in District A will see the following changes in their property taxes for the local share of Total Program:

2020 Tax Year:	25.0 mills, 2 temporary tax credits
2021 Tax Year:	26.0 mills, 1 temporary tax credit
2022 Tax Year:	27.0 mills, 0 temporary tax credits
2023 Tax Year on:	27.0 mills
