

Attached is an illustration for discussion purposes of allocations under No Child Left Behind (NCLB) and Every Student Succeeds Act (ESSA). The attached illustration compares 2016-17 Title I and Title II allocations under NCLB versus 2016-17 allocations *IF* they were funded under ESSA. The assumptions for the illustration are below. *Note that these are only illustrations, and that these are not for planning purposes.*

Using the 2016-17 Revised Final Allocations, the Colorado Department of Education (CDE) applied the following criteria to the Local Educational Agencies (LEAs):

## **Title IA**

### NCLB Allocation

- 4% School Improvement Set Aside
- Hold Harmless provisions in place

### ESSA Allocation

- 7% School Improvement Set Aside
- Hold Harmless provisions may be reduced

## **Title IIA**

### NCLB Allocation

- The first \$21 million of Title II have been the same allocation to LEAs since 2001
- The excess of the \$21 million has been split using an 80/20 split of poverty and populations

### ESSA Allocation

- Allocations use US Census information based upon an 80/20 split of poverty and populations. This data is the same as used for Title I allocations.

This analysis is for illustration purposes only and are not reflective of final allocations for 2017-18. These numbers will change due to final federal allocations for 2017-18, in addition to final rules and guidance for ESSA.

- \* In an effort to maintain student privacy, the Colorado Department of Education made the decision to modify the state and federal grant reports and allocation documents that are posted to the CDE website. For state and federal grants that are calculated based on student counts of less than 16, CDE will redact the grant amounts in the reports and allocation documents to ensure that the documents do not contain any data or information that can be used to ascertain personally identifiable information (PII). This is in response to Family Educational Rights and Privacy Act (FERPA) §99.3 which states that protected information can include “Other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty.”
