2024-2025 Student October Snapshot

Changes from 2023-2024 are highlighted in <mark>yellow.</mark>

Purpose:

The purpose of the Student October Snapshot is to determine funding for <mark>Local Education Agencies (LEAs)</mark> ~~districts~~ and schools by taking a count of students in attendance on the Pupil Enrollment Date.

Dependencies

The student has been assigned a SASID and updated in RITS. The student has a record in the Student Demographic file and the Student School Association file. <mark>The student has a record in the At-Risk interchange file.</mark> Also, extracts students from the Title I interchange (if applicable to your LEA).

Record Expectation:

For a SASID to be added to the snapshot it must:

- Be in ~~both~~ the Student Demographic, Student School Association, <mark>and At-Risk</mark> files.
- Be error free in ~~both~~ those files.

Pull all error-free records from the Student School Association file that match the following criteria:

- Primary School = '1' **AND**
- School Entry Date <= count date for the current school year **AND**
- School Withdraw Date is zero-filled **OR** School Withdraw Date >= count date for the current school year **AND**
- One of these conditions is met:
  - The student's age as of the count date >= 2 and <=21 **OR**
  - The student's age as of the count date <=21 (typically under 2) and there is an age waiver for the <mark>LEA</mark> ~~district~~ or ~~district and~~ school code **OR**
  - Primary Disability (from the demographics file) <> '00' then calculated age as of December 31 of the reporting school year <= 21

NOTE: If a student transfers between <mark>LEAs</mark> ~~districts~~ and attends both <mark>LEAs</mark> ~~districts~~ on the pupil enrollment count day, the receiving <mark>LEA</mark> ~~district~~ is entitled to include the student in its funded count.
