2022-2023 Actual Assessment measures for AEC Data Collection
Verification of Actual Assessment measures for AEC Data

District:

- A. The summary reports provided by CDE should be reviewed carefully for completeness and accuracy. The reports will include the data necessary to verify your data for each school.
- B. All school systems must submit a verification form, signed by the President of the Board of Education that certifies agreement with the summary data report.

I have reviewed the Actual Assessment measures for AEC Data Collection reports in their entirety and hereby certify that the data submitted to the Colorado Department of Education for the school year 2022-2023 Actual Assessment measures for AEC Data Collection is accurate and complete to the best of my knowledge and belief for use in the Actual Assessment measures for AEC reports.
