

Student End of Year Training Schedule

2024-2025

Recordings, slide shows, and support materials for all SEY training will be posted on the Student End of Year website for reference by data respondents throughout the collection. A variety of training opportunities are offered to support the unique needs of each school district/BOCES data respondent. Please use the links provided to register for training sessions. This provides respondents with a confirmation email and calendar invite to the training and helps CDE staff be responsive to the needs of training attendees.

Collection Overview Training

All Student End of Year (SEY) data respondents are strongly encouraged to attend the collection overview training. This training is offered in two identical sessions to provide flexibility of scheduling for data respondents.

| Date | Time | Description |
|------------|---------------|--|
| 04/02/2025 | 9:00-11:00 am | Collection Overview Training 1 of 2 Collection Overview 1 of 2 Registration |
| 04/29/2025 | 1:00-3:00 pm | Collection Overview Training 2 of 2 Collection Overview 2 of 2 Registration |

Collaborative Webinars

Collaborative webinars are presented as a partnership between CDE data collection staff and program staff. Data respondents are encouraged to attend with their respective program staff.

| Date | Time | Description |
|--------------------------------|-------------|---|
| 04/22/2025 <i>tentative</i> | 1:00-2:00pm | Special Education 18-21 Transition Services <i>This webinar is designed for data respondents and district special education staff who support 18-21 transition services.</i> Secondary Transition Collaborative Webinar Registration |

Monthly Office Hours

Monthly SEY office hours are designed to provide timely information throughout the collection. Topics will include frequently asked questions, updates, and information connected to the specific point of the collection. These office hours allow more in-depth information about the collection than the weekly Data Pipeline Town Hall meetings can provide. [For information about data pipeline town hall meetings, see the data pipeline town hall website.](#)

| Date | Time | Description |
|------------|---------------|---|
| 05/13/2025 | 10:30-11:30am | May SEY Office Hours May SEY Office Hours Registration |
| 06/11/2025 | 10:30-11:30am | June SEY Office Hours June SEY Office Hours Registration |

| 10/21/2025 | 10:30-11:30am | October SEY Office Hours: Post-Cross LEA Phase October SEY Office Hours Registration |

On-Demand Short-Byte Videos

Short Byte Videos are topic based pre-recorded informational videos. They are available at the Student Interchange level for information that applies across the student interchange and at the Student End of Year level for collection specific information. They are designed as supplemental information about frequently asked questions and do not replace the larger collection overview training. Short-Byte videos are an every growing resource bank. See the [Student Interchange website](#) and [Student End of Year website](#) for a complete list of available short-bytes.

Student Interchange Short Byte Topics

- Foster Care Data
- Postsecondary Programs
 - ASCENT
 - PTECH
 - TREP
 - Other Programs
- Retention Codes and Grade Reassignments
- English Learners
 - Exceptions: Student October to Student End of Year (Mid-Year Changes)

Student End of Year Short Byte Topics

- Adequate Documentation
- Adjustment File
- Anticipated Year of Graduation Cohort
- Graduation and Completion Rates
- Dropout Rates
- Mobility and Stability Rates
- Data Validation
 - General Information
 - Graduation/Completion
 - Dropout
 - Mobility/Stability
- Summer Dropout Coding
- Expelled Student Coding
