2015 Tiered Intervention Grant – Overview

Request For Proposal

Proposals Due: Wednesday, July 15, 2015

Introduction	<p>The intent of this grant is to provide funding for districts (on behalf of eligible schools) to:</p> <ul style="list-style-type: none"> ▪ Partner with the Colorado Department of Education (CDE) in the implementation of one of the school intervention models provided in the draft guidance for the use of Federal Title I 1003(g) School Improvement Grant funds (To view the most recent program guidance, please visit: http://www.cde.state.co.us/fedprograms/guidance-on-school-improvement-grants); and ▪ Increase the academic achievement of all students attending chronically low performing schools as measured by the state’s assessment system.
Purpose	<p>The Office of Federal Program Administration at the Colorado Department of Education has Title I 1003 (g) funds to support schools identified as chronically low performing schools as indicated by state assessments.</p>
Available Funds	<p>Approximately \$5 million is available for distribution to LEAs. An LEA may request no less than \$50,000 or more than \$2 million per year over the five year grant period for each participating school. Subsequent years funding (except in the case of closure) is contingent upon CDE approval and continued 1003(g) allocations from the USDE. Actual allocations will be based on the intervention model chosen and SEA guidelines.</p>
Eligible Applicants	<p><u>Eligible schools are listed in Attachment A.</u> The eligible schools were identified as either Title I Schools that are low performing and/or have a low graduation rate <u>OR</u> Title I Eligible High Schools with low graduation rates. The following rules were used to identify TIG eligible schools:</p> <p>TIG Eligible Title I Schools were identified if,</p> <ul style="list-style-type: none"> • Schools were on the 2014-2015 Title I Schools List; <u>and</u> • Were assigned a 2014 Turnaround or Priority Improvement (or AEC: Turnaround or AEC: Priority Improvement, if eligible) plan type assignment (their official plan type assignment); <u>and</u> • Had SPF data for the past 3 years; <u>and</u> • For schools identified as low performing: <ul style="list-style-type: none"> ○ Had 2014 Academic Achievement ratings of <i>does not meet</i> in reading and mathematics on the 3-year SPF. (This is run at the E, M or H level individually. For a school to be identified, all EMH levels need to receive <i>does not meet</i> ratings in reading and math); <u>and</u> ○ Had a combined percentile index (calculated by adding together the 3-year SPF percentile rank values for reading and math) in the lowest 5% of Title I schools; <u>and/or</u> • For schools identified by low graduation rates: <ul style="list-style-type: none"> ○ Were schools with graduation rates less than 60% for all of the following: 2013 4-year, 2012 5-year, and 2011 6-year rates (schools must meet the minimum count each individual year to be included). <p>TIG Eligible Title I Eligible High Schools were identified if,</p> <ul style="list-style-type: none"> • Schools were not currently served with Title I funds, but were considered Title I eligible high schools for 2014-2015 based on: <ul style="list-style-type: none"> ○ 2014-15 Free and Reduced Lunch percentage equal to or greater than 35%; <u>or</u> ○ 2014-15 Free and Reduced Lunch percentage at or above the 2014-15 district average for all high schools; <u>and</u>

<p>Eligible Applicants (Continued)</p>	<ul style="list-style-type: none"> • Were schools with graduation rates less than 60% for all of the following: 2013 4-year, 2012 5-year, and 2011 6-year rates (schools must meet the minimum count each individual year to be included); and • Were assigned a 2014 Turnaround or Priority Improvement (or AEC: Turnaround or AEC: Priority Improvement, if eligible) plan type assignment (their official plan type assignment). <p>Title I Focus Schools</p> <ul style="list-style-type: none"> • Based on recent USDE Guidance, Title I Focus Schools are now eligible to apply for TIG. <ul style="list-style-type: none"> ○ Priority schools may not be focus schools. Focus schools that apply for and are awarded a TIG will become priority schools and will be removed from the Colorado list of Focus Schools. ○ Schools meeting the above TIG eligibility (i.e., school is in the lowest five percent of schools or is a high school with low graduation rates) will be prioritized for TIG grants. <p>Please Note: Currently funded-TIG schools were excluded from the analyses. Alternative Education Campuses (AECs) that meet one or more of the following criteria were exempted and not included in the SIG eligible schools:</p> <ul style="list-style-type: none"> • School purpose is dropout re-engagement or credit recovery • School is temporary and designed to transition students back to their home school or • School is not a diploma-granting institution.

The review of the Tiered Intervention Grants will be a standards based process. LEAs will not be funded unless they meet each of the criteria in each section of the application. In this way, the review process will ensure that funded Tiered Intervention Grants address all the critical components necessary for a comprehensive plan. LEAs may be asked to submit revisions in any sections to more fully meet the standards. Note: Applicants may also be asked to meet with CDE staff to discuss application feedback and any required changes before final approval is given.</p>	Date	Key Dates Descriptions	June 9, 2015	RFP Release	June 9 – August 18, 2015	CDE Performance Managers provide support at local stakeholder meetings as well as guidance for turnaround planning. Timeline and Review Process (Continued)	<p>If district/school staff are not able to verify the information provided in the application, or fail to demonstrate an understanding of the program the recommendation to fund will be withdrawn. Applicants will receive final notification of application status by August 31, 2015.</p>
Data & Reporting	<p>In the overarching strategy for supporting dramatic improvement in the state’s lowest-achieving schools, CDE will work collaboratively with LEAs to develop meaningful detailed performance targets and specific timelines. These targets and timelines will be used when making Year 2 funding determinations. A Unified Improvement Plan (UIP) for each individual school site will be monitored at school and district on-site reviews and updated as necessary, with final revisions submitted annually. The UIP and grant budget expenditures must be aligned to the UIP Quality Criteria and chosen reform model.</p> <p>Awardees will be expected to collect the following leading indicators, annually report them to CDE in a timely manner [Note: only the leading indicators below in bold are collected by CDE in a collection tied to this grant; all other data points are submitted to CDE via other collections] and include them in the data analysis portion of the UIP (where possible):</p> <ol style="list-style-type: none"> a. Title I Section 1003(g) required indicators: <ul style="list-style-type: none"> • The number of educational minutes within the school year and whether this number has increased from prior years (if yes, grantees are asked to explain the reason for the increase, for example longer school days, before/after school programs, etc.); • Student participation rate on State assessments in reading, writing, math, and science, by student subgroup; • Dropout rate; • Student attendance rate; • Number and percentage of students completing advanced coursework (e.g., AP/IB); • Early-college high schools, or dual enrollment classes; • Discipline incidents; • Truants; • Distribution of teachers by performance level on an LEA’s teacher evaluation system; and • Teacher attendance rate (calculated using the number of teacher absence days and contract days). b. Quantitative indicators that supplement those required under 1003(g): <ul style="list-style-type: none"> • Proficiency results on interim assessments of student performance in reading, writing, math, and science; <p>The percentage of students taught by teachers who, in prior years, achieved above average or exceptional growth with their students;</p> <ul style="list-style-type: none"> • Other measures of time allocated to learning and intervention; • Annual collection data and improvement in catch up, keep up, and moving up categories in reading, writing, and math; • Annual collection data and improvement in all proficiency and growth data in reading, writing, math, and science; and • Others likely to be highly-correlated with successful improvement efforts. <p><u>Supports</u></p> <p>Other qualitative indicators that arise from cross-sector research about successful reform models. For example:</p>

<p>Data & Reporting (Continued)</p>	<ul style="list-style-type: none"> • Focused and prioritized improvement strategies leading to measurable improvement. • Data demonstrating the school leader is engaging staff in regular and transparent data dialogues surrounding student performance. • Evidence of positive community involvement in the reform effort. • The leader’s successful efforts to change the climate and culture to influence dramatic change, based on perception data. • Evidence of district leadership and support for dramatic improvement at the identified school. Additional resources on successful reform models can be found at: http://www.cde.state.co.us/uip/TurnaroundSupport.asp. <p>By agreeing to participate in the Tiered Intervention Grant, grantees acknowledge that in addition to the monitoring conducted by the CDE, the United States Department of Education (USDE) periodically monitors grantees.</p> <p>In addition, the Colorado Department of Education uses the attached tool for implementation monitoring (see page 44 for Attachment F).</p> <p>Tiered Intervention Grants are intended to yield rapid increases in student achievement; therefore, funded sites that have a flat or declining performance framework profile over the life of the grant are unlikely to be funded for a third year.</p>
<p>Annual Renewal Process</p>	<p>Renewal Decision - Year 1 and Year 2 (Approx. August 2016)</p> <p>For continuation of funding into Year 2, CDE will consider achievement data, with a strong emphasis on implementation data including:</p> <ul style="list-style-type: none"> • An indication that the district and school desire to continue Tiered Intervention Grant funding in the school and have a willingness and readiness to revisit the strategies necessary to significantly improve the school’s performance. • An indication of the willingness of the district and school to create an implementation plan that is consistent with Title I, section 1003(g) requirements. • an indication that funds are being used as approved and that program is being implemented as planned. • An indication of successful completion of pre-implementation benchmarks (i.e., including hiring a new school leader, identifying partner organizations and securing formal flexibilities). <p>Renewal Decisions – Year 3, 4 and 5 (Approx. August 2017 to August 2019)</p> <p>For continuation of funding into Year 3, 4, and 5, emphasis will be placed on school achievement gains, as well as implementation data. Schools will be asked to submit qualitative data showing successful implementation data. Additionally schools will be asked to submit leading indicator data that demonstrates positive trends, including:</p> <ul style="list-style-type: none"> • Average daily attendance rates increasing and approaching or exceeding 95%; • Chronic absenteeism rates decreasing and/or below 10%; and • Discipline data showing a reduction in Out of School Suspension, In School Suspensions and Referrals. <p>Following the 2015-2016 school year, school performance framework data will be used for final renewal decisions. Note: SPF ratings will be used for renewal decisions, if they are finalized and ready by the time of renewal application processing.</p>

Submission Process

If interested in applying for this grant opportunity, please complete the **Letter of Intent** (Attachment D) and submit by **Friday, July 10, 2015** to CompetitiveGrants@cde.state.co.us.

PART IC: Certification and Assurance Form

(Complete and attach as the fourth and fifth pages of proposal)

The School Board President and Board-Appointed Authorized Representative must sign below to indicate their approval of the contents of the application, and the receipt of program funds.

On _____ (date) , 2015 the Board of _____ (district) hereby applies for and, if awarded, accepts the state funds requested in this application. In consideration of the receipt of these grant funds, the Board agrees that the General Assurances form for all state funds and the terms therein are specifically incorporated by reference in this application. The Board also certifies that all program and pertinent administrative requirements will be met. These include the Office of Management and Budget Accounting Circulars, and the Department of Education's General Education Provisions Act (GEPA) requirement. In addition, the Board certifies that the district is in compliance with the requirements of the federal Children's Internet Protection Act (CIPA), and that no policy of the local educational agency prevents or otherwise denies participation in constitutionally protected prayer in public schools.

In addition, school districts that accept 1003(g) School Improvement funding for the **Tiered Intervention Grant** agree to the following:

Federal Assurances:

- Use its Tiered Intervention Grant to implement fully and effectively an intervention in each school that the LEA commits to serve consistent with the final requirements;
- Establish annual goals for student achievement on the state's assessments in both reading/language arts and mathematics and measure progress on the leading indicators in section III of the final requirements in order to monitor each school that it serves with school improvement funds, and establish goals (approved by the SEA) to hold accountable its Tier III schools that receive School Improvement funds;
- Report to the Colorado Department of Education (CDE) the school-level data required under section III of the final requirements, **including baseline data for the year for the year prior to SIG implementation** (program guidance can be found at: <http://www.cde.state.co.us/fedprograms/guidance-on-school-improvement-grants>.)
- Each priority and focus school the LEA commits to serve will receive all of the State and local funds it would receive in the absence of the school improvement funds and that those resources are aligned with the interventions;

State Assurances:

- If the applicant implements a restart model in a priority school, Include in its contract or agreement terms and provisions to hold the charter operator, charter management organization, or education management organization accountable for complying with the final requirements;
- Monitor and evaluate the actions a school has taken, as outlined in the approved School Improvement Grant application, to recruit, select and provide oversight to external providers to ensure their quality;
- Monitor and evaluate the actions schools have taken as outlined in the approved School Improvement Grant application, to sustain the reforms after the funding period ends and that it will provide technical assistance to schools on how they can sustain progress in the absence of School Improvement Grant funding;
- Provide the Colorado Department of Education such information as may be required to determine if the grantee is making satisfactory progress toward achieving the goals of the grant (e.g., CSAP/TCAP by State Assigned Student IDs, school level non-performance data). The district will report to CDE, at least quarterly, the school level interim measures of student learning required under section III of the final requirements (program guidance can be found at: <http://www.cde.state.co.us/fedprograms/guidance-on-school-improvement-grants>);

- Align current and future funding sources in support of improvement goals, including commitment to identify and reallocate existing local funds for the purpose of sustaining the improvement work after federal funds expire;
- Participate in ongoing professional learning opportunities focused on school and district improvement;
- Commit to working with CDE to monitor progress on the UIP and make adjustments to the plan accordingly;
- Provide data on attainment of performance targets to CDE to inform decision around the continuation of funding;
- Participate fully in on-site visits conducted by CDE to every funded school during the grant cycle;
- Work collaboratively with CDE, as appropriate, in the selection of a strong school leader or partner, such as a Charter Management Organization (CMO), Education Management Organization (EMO) or other provider;
- Work cooperatively with CDE and provider(s), if applicable, in waiving district policies, procedures or practices that are deemed to be impediments to improvement, such as scheduling of the school day and year; staffing decisions; budgeting; and/or to obtain innovation school status for identified schools;
- Commit to engaging in significant mid-course corrections in the school if the data do not indicate attainment of or significant progress toward achievement benchmarks within the first year of implementation, such as replacing key staff, leadership or external providers;
- Notify the community of the intent to submit an application and that any waiver request will be made available for public review prior to submission of the application;
- Participate in the development and submission of any reports necessary to meet statutory requirements (e.g., EdFacts, CSPR) within the time frames specified;
- Maintain appropriate fiscal and program records. Fiscal audits of funds under this program are to be conducted by the recipient agencies annually as a part of their regular audit;
- Submit budget revision(s), if applicable, to CDE on a **quarterly** basis for review and approval;
- Submit Annual Financial Reports as part of their annual review with CDE. CDE will utilize the information as a measure of performance and leading indicator of performance in subsequent year(s);
- Contracts with education providers must include a performance guarantee to increase student achievement based on services provided.

As a partner in the Tiered Intervention Grant, CDE agrees to provide the LEA with support and tools to foster successful implementation of the School Improvement Grant program. Specifically, **CDE will:**

- Provide the LEA with guidance about the specific types of changes and interventions each of the models require;
- Provide the LEA with descriptions and examples of special district governance structures that will ensure necessary freedom and support for interventions in identified schools;
- Provide the LEA with a description of the changes in policy or practice that may be required to ensure necessary flexibility for dramatic improvement in identified schools;
- Periodically review school and district UIPs and provide feedback;
- Meet regularly with School/District to review performance data and implementation of improvement efforts, as defined in the UIP;
- Provide guidance regarding allocation of 1003(g) and other funds in support of dramatic improvement of achievement in the school(s);
- Provide support for quarterly budget revisions;
- Provide ongoing technical assistance; and

- Define a set of leading indicators and overall performance targets that the identified school(s) and external providers, if applicable, will be required to demonstrate during the course of the reform effort; additionally interim measures and implementation benchmarks that the LEA may use to hold school(s) and provider(s) accountable.

IF ANY FINDINGS OF MISUSE OF FUNDS ARE DISCOVERED, PROJECT FUNDS MUST BE RETURNED TO THE COLORADO DEPARTMENT OF EDUCATION. The Colorado Department of Education may terminate a grant award with thirty (30) days notice if it is deemed by CDE that the applicant is not fulfilling the requirements of the funded program as specified in the approved project application, or if the program is generating less than satisfactory results.

PART ID: WAIVERS *(Complete and attach as the sixth page of proposal)*

_____ (District) requests a waiver of the requirements it has selected below.
Please note: If the district does not intend to implement the waiver with respect to each participating school, then it must indicate for which schools it will implement the waiver.

- ☐ Implementing a schoolwide program in a Title I participating school that does not meet the 40 percent poverty eligibility threshold.

Rural Flexibility

The Colorado Department of Education required that any LEA eligible for services under subpart 1 or 2 of part B of Title VI of the ESEA Rural Education Assistance Program (REAP) that proposes to modify one element of the Turnaround or Transformation model, the LEA must describe how it will still be able to meet the intent and purpose of that element in order to successfully implement the selected school intervention model. LEAs intending to modify an element must complete the Rural Flexibility section of the action plan template for the Turnaround or Transformation models. The description must include the following information:

- Identification of the specific element of either the Turnaround or Transformation model that the LEA proposes to modify; and
- LEA's rationale for the need to modify the element identified;

Note: If an LEA that is eligible for services under subpart 1 or 2 of part B of Title VI of the ESEA Rural Education Assistance Program (REAP) selects the Early Learning Model, it cannot modify the requirement to replace the principal who led the school prior to the implementation of the model. A list of LEAs that are eligible for services under the Rural Education Assistance Program (REAP) can be found at the following U.S. Department of Education site:

Section II: LEA Commitment and Capacity

Section III: Needs Assessment and Project Plan

Section IV: Budget Narrative

Electronic Budget (Submitted to the CDE Tracker System)

Please organize your narrative by using the headings and subheadings provided in the following rubrics to organize your responses. Note that the total narrative for of the application cannot exceed **16 pages**.

Scoring Rubric

Section A: LEA Readiness	Inadequate (information not provided)	Minimal (requires additional clarification)	Adequate (clear and mostly complete)	Excellent (concise and thoroughly developed)
1) Clearly articulate what need this grant would fulfill within your school(s) and district. How does this grant opportunity fit into the district's/school's overall improvement plan?	0	1	3	5
2) Describe patterns, core issues of academic concern, and possible root causes for academic concerns in identified turnaround schools.	0	1	2	3
3) What methods did the district use to consult with relevant stakeholders regarding the LEA's application and implementation of school intervention models in its schools (e.g., stakeholder meetings (PTA, teacher unions, school board), print/web-based communication, and/or surveys)? Describe how the LEA analyzes the needs identified by families and the community, and selected interventions for each school aligned to the needs each school has identified. Attach relevant documents and communication that articulate stakeholder engagement.	0	1	3	5
4) Describe how input from your families, community and school board has been considered for improvement planning, including model selection, as well as ongoing engagement in the implementation of the model.	0	1	2	3
5) Detail how the community was given notice of intent to submit an application and how any waiver requests will be made available for public review after submission of the application (e.g., newspaper/news releases, posted on the school and/or district website).	0	1	2	3
6) Describe district capacity and staffing structure to support its lowest performing schools. Describe support (frequency and purpose of site visits, dedicated staff) and technical assistance provided by LEA to low-performing schools. Explain how this is different from support all other schools receive.	0	1	3	5
7) Describe the organizational structures, teams, or other mechanisms (e.g. networks, coaches) to be used to support and monitor the implementation of school-level plans.	0	1	3	5
8) Describe how you have made the community (SAC parents, business, foundations, etc.), aware of the performance of the school(s) for which you are applying.	0	1	3	5

Section B: LEA Commitment and Capacity	Inadequate (information not provided)	Minimal (requires additional clarification)	Adequate (clear and mostly complete)	Excellent (concise and thoroughly developed)
<p>1) Describe the <i>specific</i> actions the district has taken (or will take) to ensure flexibility, modify its practices, policies or oversight structures, outside of normal district constraints, if necessary, to enable its schools to implement the interventions fully and effectively (e.g., flexible scheduling, principal autonomy over staff hiring/firing and placement, budget autonomy, obtaining innovation school/zone status, teacher/union agreements).</p> <p>Please attach documentation including district and/or school schedules, MOUs between schools and district and external partners, district organizational charts, Election to Work agreements, and budget policies.</p>	0	3	12	15
<p>2) Describe how specific modifications to district policies and practices will be made to allow for implementation of the interventions outlined in the model requirements.</p> <p>a. Submit relevant documentation, such as a MOUs, Election to Work agreements, or thin contracts that supports evidence of flexibility for TIG schools (optional, but recommended).</p> <p>b. For schools electing a pre-implementation year, submit a timeline for securing formal flexibilities.</p>	0	1	2	3
<p>3) Describe the actions the LEA has taken, or will take, to recruit, screen, and select external providers, if applicable, to ensure their quality, and regularly review and hold accountable such providers for their performance (e.g., interviews, screening tools created). Please attach documentation of RFP criteria, external partner evaluation tools, etc.</p>	0	1	3	5
<p>4) Describe the specific actions the district will take to sustain the reforms after the funding period ends (e.g., professional development, trainer of trainer models, district commitment of continuation resources).</p>	0	1	2	3
<p>5) Describe how the district will monitor the implementation of the selected intervention model at each school and how the district will know whether planned interventions and strategies are working. Indicate which data will be used to determine whether improvement efforts are having the desired effects on student outcomes. Describe the process the district will establish to frequently monitor the effectiveness of the school improvement plans.</p>	0	1	3	5

6) Describe how the district will formally coordinate the activities of partner organizations.	0	1	2	3
7) Describe how the project strategies will be modified if the progress monitoring data does not show that targets have been met.	0	1	3	5

Section C: Needs Assessment and Program Plan	Inadequate (information not provided)	Minimal (requires additional clarification)	Adequate (clear and mostly complete)	Excellent (concise and thoroughly developed)
Address each of the following questions for each of the participating schools:				
1) Analyze the current conditions in the proposed school(s) by providing student performance and other relevant student achievement data. Address what is preventing the school from increased academic performance and to what does the district attribute the failure of student academic growth over time.	0	3	5	7
2) Identify the TIG model to be used as an intervention for the school. Describe the factors and data (including diagnostic review data) that make the model a good fit for the needs of the school. Demonstrate and describe how, to the extent practicable, the LEA will implement one or more evidence-based strategies to address the identified needs.	0	3	5	7
3) Submit the Model Requirement Implementation Plan and Target Setting Sheet (Attachment E) for each proposed site. Use the template making sure to clearly address the needs assessment. Additional narrative detail may be added if there is not enough clarity within the Plan itself. <i>Please note:</i> To ensure success, it is imperative that specific needs are clearly delineated before an intervention model is chosen, before the plan is prepared and (if applicable) before a provider is chosen.	0	15	25	30

Section D: Budget Narrative	Inadequate (information not provided)	Minimal (requires additional clarification)	Adequate (clear and mostly complete)	Excellent (concise and thoroughly developed)
For each school, provide a 5-year electronic budget http://www.cde.state.co.us/turnaround/cde_turnaroundplan_home.htm in compliance with CDE's standard fiscal rules including a budget narrative that contains the following criteria:				
1) Complete a narrative describing how costs contribute to plan goals and the specific model. All expenditures contained in the budget are described in the budget narrative and justified in connection to project goals, activities and specific model. The costs of the proposed project (as presented in the budget and budget narrative) are reasonable and the budget sufficient in relation to the objectives, design, and scope of project activities.	0	3	5	7
2) Describe the amount of school improvement funds to be used for both pre-implementation (those activities which are absolutely necessary to implement the model fully and effectively) and implementation of the selected model and activities in each school the LEA commits to serve is clearly delineated.	0	1	3	5
3) Amount of school improvement dollars used by the LEA to support implementation of the selected school intervention model and activities are clearly detailed.	0	1	3	5
4) Demonstrates how district will align current and future funding in support of improvement goals and sustainability (e.g., specific funds identified, how will existing funds be reallocated to sustain grant after federal funding ends).	0	1	2	3
5) Details any portion of the plan that will be paid for by grant funds.	0	1	2	3
Note: A final budget and budget narrative will be required after actual allocations are determined. Upon approval of a final budget and budget narrative, funds will be released to the grantees. An LEA's budget must cover the period of availability, including any extension granted through a waiver, and be of sufficient size and scope to implement the selected school intervention model in each school the LEA commits to serve.

2015 Tiered Intervention Grant Eligible Schools

Note:

- All approvable TIG applications from Priority Schools(TIG Eligible) in Colorado must be funded before any applications from Focus Schools are funded.
- An LEA must apply for all Priority Schools (TIG Eligible) in the district before it may apply for an eligible Focus Schools.
- LEAs with only focus schools may apply for those schools. However, CDE must fund all approvable Priority School applications (TIG Eligible) before it funds any approvable Focus School applications.

^aSwitching to private school.

^bIf ESEA waiver is approved, school will be removed from Focus list as they do not meet Title I criteria (Title I for two consecutive years).

^cIf ESEA waiver is approved, school will no longer be eligible as all "Title I Eligible" high schools will be removed.

School is both TIG eligible and a current Focus school. If ESEA waiver is approved, school will become a Priority school and will be removed from the Focus list.

School is TIG eligible.

Current Focus School.

Allowable Use of Funds – Pre-Implementation

- a. Engage a planning consultant to assist in the planning year
- b. Ongoing planning and consultation with stakeholders (teachers, parents, community members)
- c. Costs associated with recruitment and selection of the new principal
- d. Ongoing, high-quality, job-embedded professional development that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies.
- e. Engaging with a lead partner to assist with implementation of the intervention model
- f. Costs associated with recruitment of staff who support the vision and approach of the turnaround effort
- g. Physical plant changes – repair, clean and freshen up the building and grounds to convey in concrete terms that changes is on the way

For additional guidance, regarding physical plant changes, please reference updated SIG Guidance for awards made with FY 2014 funds (March, 2015) at <http://www2.ed.gov/programs/sif/index.html>

Examples of Allowable Use of Funds

Please note: A comprehensive list of allowable activities can be found in “Guidance on School Improvement Grants” issued by the U.S. Department of Education in March 2015.

<http://www2.ed.gov/programs/sif/index.html>

Turnaround Model

- On-going, high quality, job-embedded professional development that is aligned with the school’s comprehensive instructional program;
- Training in data analysis to inform and differentiate instruction;
- Financial incentives to recruit, place and retain staff with skills necessary to meet the needs of students in the turnaround school;
- Appropriate social-emotional and community oriented services and supports for students;
- Stipends that provide additional time for data meetings, Review of curriculum to make sure it is research-based and vertically aligned from one grade to the next as well as aligned with State Academic standards, establishing schedules that will provide increased learning time;
- Costs associated with developing local competencies;
- Costs associated with implementing a new school model;

Restart Model

Please Note: Any of the allowable activities in the turnaround or transformation model are allowable in the restart model.

- Services from an education management organization (EMO) that has been selected through a rigorous review process or a charter school operator (CMO).

School Closure

Please Note: The funds allocated for a school closure are not subject to renewal since it is limited to the time necessary to close the school (usually one year or less)

- Costs that are associated with general responsibilities IF the costs are directly attributable to the school closure and exceed the costs the LEA would have incurred in the absence of the closure.
- Necessary and reasonable costs associated with closing a Tier I or Tier II school, such as costs related to parent and community outreach, including, but not limited to, press releases, newsletters, newspaper announcements, hotlines, direct mail notices, or meeting regarding the school closures; services to help parents and students transition to a new school; or orientation activities, including open houses, that are specifically designed for students attending a new school after their prior school closes.

Transformation Model

- Costs associated with the development of a rigorous, transparent, and equitable evaluation system for teacher and principals that take into account student growth data, and are designed and developed with teacher and principal involvement.
- Rewards for school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation.
- Ongoing, high-quality, job-embedded professional development that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies.
- Financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in a transformation model.
- Additional compensation to attract and retain staff with the skills necessary to meet the needs of students in a transformation school.
- Costs associated with implementing a schoolwide "response-to-intervention" model.
- Additional supports and professional development to teachers and principals in order to implement effective strategies to support students with disabilities in the least restrictive environment and to ensure that limited English proficient students acquire language skills to master academic content.
- Technology-based supports and interventions as part of the instructional program.
- Enrollment in advanced coursework, early-college high schools, dual enrollment programs, or thematic learning academies that prepare students for college and careers.
- Summer transition programs or freshman academies.
- Costs associated with credit recovery programs, re-engagement strategies, smaller learning communities, competency-based instruction and performance-based assessments, and acceleration of basic reading and mathematics skills.
- Stipends for additional time to create early-warning systems to identify students who may be at risk of failing to achieve to high standards or to graduate.
- Extending or restructuring the school day so as to add time for such strategies as advisory periods that build relationships between students, faculty, and other school staff.
- Positive behavioral supports or taking steps to eliminate bullying and student harassment.
- Costs associated with full-day kindergarten or pre-kindergarten.
- On-going, intensive support for school site(s) from LEA or external lead partner organization (such as a school turnaround organization or an EMO).

Secondary School Success Model (State Determined Model)

- Select a school leader to lead the transformation, ensuring a track record of successful turnaround leadership.
- Use evaluations based on student achievement/growth and identify and reward school leaders, teachers, and other staff who improve student achievement and identify and remove those who do not.
- Provide relevant, ongoing, job-embedded PD.
- Implement strategies designed to recruit, place, and retain high-quality staff interested in supporting secondary school transformation.
- Implement a comprehensive, researched-based instructional program that are vertically aligned from one grade level to the next, as well as aligned with the CO Academic Standards.

- Create structures to support students, particularly in transition from 8th-9th grade, in intervention and credit recovery. Ensure students who are receiving interventions or credit-recovery opportunities have access to grade-level content.
- Create data systems to identify students who are on- and off-track to graduate and use data to monitor the effectiveness of the instructional program and provide timely and rigorous interventions.
- Offer credit recovery opportunities that address the challenges that prevented students from previous success. Ensure that teachers certified in the appropriate subject oversee the courses. Offer these courses during non-traditional hours (e.g. before- or after-school, evenings, and weekends)
- Establish strategies to create small learning communities to increase student engagement and teacher involvement. Schools may create thematic communities around academics or careers.
- Create structures to support students in dual-enrollment through concurrent enrollment, AP, and college in the schools.
- Provide opportunities for students to participate in internships or externships with local businesses and organizations.
- Provide expanded time for teachers to engage in collaboration and professional development. Build time and incentives for collaboration between high school teachers and post-secondary institutions.
- Establish a positive and safe school culture with a focus on high expectations and college and career readiness for all students.
- Develop a specific, rigorous attendance plan to increase average daily attendance and decrease chronic absenteeism.
- Create discipline policies that encourage alternatives to suspensions.
- Maintain close communication with students and families.

Early Learning Model

- Costs associated with full day kindergarten
- Costs associated with expanding a high quality pre-school program
- Joint planning time
- Cost associated with replacing the principal
- Cost associated with a rigorous, transparent and equitable teacher evaluation system
- Rewards for school leaders, teachers and other staff have increased student achievement

Model Requirement Implementation Plan and Target Setting Templates

Intervention Model Action Plan: Adopt Tiered Intervention Grant (TIG)

Turnaround Model*

Summary of needs analysis this strategy will address (from existing UIP):

Description of Action Steps to address the requirements of the selected Intervention Model:	Pre-implementation Timeline	Year 2- 5 Timeline	Resources (Amount and Source: federal, state, and/or local)	Implementation Benchmarks	Key Personnel
LEA replaces the principal and grants the new principal sufficient operational flexibility (including in staffing, calendars/time, and budgeting) to implement fully a comprehensive approach in order to substantially improve student achievement outcomes and increase high school graduation rates.					
LEA uses locally adopted competencies to measure the effectiveness of staff who can work within the turnaround environment to meet the needs of students. <ul style="list-style-type: none"> Screens all existing staff and rehire no more than 50 percent Selects new staff 					
LEA implements such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place and retain staff with the skills necessary to meet the needs of the students in the turnaround school.					
LEA provides staff ongoing, high-quality job-embedded professional development that is aligned with the school's comprehensive instructional program and designed with school staff to ensure that they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies.					
LEA adopts a new governance structure, which may include, but is not limited to, requiring the school to report a new "turnaround office" in the LEA or SEA, hires a "turnaround leader" who reports directly to the Superintendent or Chief Academic Officer, or enter into a multi-year contract with the LEA or SEA to obtain added flexibility in exchange for greater accountability.					
LEA uses data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next, as well as aligned					

with state academic standards.					
LEA promotes the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students.					
LEA establishes schedules and implements strategies that provide increased learning time.					
LEA provides appropriate social-emotional and community-oriented services and supports for students.					

The Colorado Department of Education requires that any LEA eligible for services under subpart 1 or 2 of part B of Title VI of the ESEA Rural Education Assistance Program (REAP), which proposes to modify one element of the Turnaround Model, will describe how it will still be able to meet the intent and purpose of that element in order to successfully implement the selected school intervention model. The description must include the:

- ☐ Identification of the specific element of the Turnaround model that the LEA proposes to modify:

- ☐ LEA's rationale for the need to modify the element identified:

A list of LEAs that are eligible for services under the Rural Education Assistance Program (REAP) can be found at the following U.S. Department of Education site: <http://www2.ed.gov/nclb/freedom/local/reap.html>

Intervention Model Action Plan: Adopt Tiered Intervention Grant (TIG)

Restart Model*

Summary of needs analysis this strategy will address (from existing UIP):

Description of Action Steps to address the requirements of the selected Intervention Model:	Pre-implementation Timeline	Year 2- 5 Timeline	Resources (Amount and Source: federal, state, and/or local)	Implementation Benchmarks	Key Personnel
LEA converts a school or closes and reopens a school under a charter school operator, a charter management organization (CMO), or an education management organization (EMO) that has been selected through a rigorous review process. A restart model must enroll, within the grades it serves, any former student who wishes to attend the school

Intervention Model Action Plan: Adopt Tiered Intervention Grant (TIG)

School Closure*

Summary of needs analysis this strategy will address (from existing UIP):

Description of Action Steps to address the requirements of the selected Intervention Model:	Pre-implementation Timeline	Year 2- 5 Timeline	Resources (Amount and Source: federal, state, and/or local)	Implementation Benchmarks	Key Personnel
School closure occurs when an LEA closes a school and enrolls the students who attended that school in other schools in the LEA that are higher achieving. These other schools should be within reasonable proximity to the closed school and may include, but are not limited to, charter schools or new schools for which achievement data are not yet available.					
LEA officials will engage in an open dialogue with families and the school community early in the closure process to ensure that they understand the data and reasons supporting the decision to close, have a voice in exploring quality options, and help plan a smooth transition for students and their families at the receiving schools.

Transformation*

Summary of needs analysis this strategy will address (from existing UIP):

Description of Action Steps to address the requirements of the selected Intervention Model:	Pre-implementation Timeline	Year 2- 5 Timeline	Resources (Amount and Source: federal, state, and/or local)	Implementation Benchmarks	Key Personnel
LEA replaces the principal who led the school prior to commencement of the transformation model.					
LEA uses rigorous, transparent, and equitable evaluation systems for teachers and principals that: <ul style="list-style-type: none"> Take into account data on student growth as a significant factor, as well as other factors, such as multiple observation-based assessments of performance and ongoing collections of professional practice reflective of student achievement and increased high school graduation rates, and Are designed and developed with teacher and principal involvement.					
LEA identifies and rewards school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identifies and removes those who, after ample opportunities have been provided for them to improve their professional practice, have not done so.					
LEA provides staff ongoing, high-quality job-embedded professional development that is aligned with the school's comprehensive instructional program and designed with school staff to ensure that they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies.					
LEA implements such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place and retain staff with the skills necessary to meet the needs of the students in the turnaround school.					

The Colorado Department of Education requires that any LEA eligible for services under subpart 1 or 2 of part B of Title VI of the ESEA Rural Education Assistance Program (REAP), which proposes to modify one element of the Transformation Model, will describe how it will still be able to meet the intent and purpose of that element in order to successfully implement the selected school intervention model. The description must include the:

- ☐ Identification of the specific element of the Transformation model that the LEA proposes to modify:

- ☐ LEA's rationale for the need to modify the element identified:

Evidence-Based Whole-School Reform Model*

Summary of needs analysis this strategy will address (from existing UIP):

Description of Action Steps to address the requirements of the selected Intervention Model:	Pre-implementation Timeline	Year 2- 5 Timeline	Resources (Amount and Source: federal, state, and/or local)	Implementation Benchmarks	Key Personnel
<p>The Colorado Department of Education requires that LEAs the propose to use 1003(g) funds to implement an evidence-based whole-school reform model in its selected school(s) ensure that the model chosen meeting the following criteria:</p> <p>The model must be designed to:</p> <ul style="list-style-type: none"> (1) Improve student academic achievement or attainment; (2) Be implemented for all students in a school; and (3) Address, at a minimum and in a comprehensive and coordinated manner, each of the following: <ul style="list-style-type: none"> o School leadership; o Teaching and learning in at least one full academic content area (including professional learning for educators); o Student non-academic support; and o Family and community engagement. <p>An LEA seeking to use SIG funds to implement an evidence-based whole-school reform model in a school must choose from among the models reviewed and identified by the Department as meeting applicable requirements. For a list of the USDE approved Evidence-Based, Whole-School Reform Models go to the following link: http://www2.ed.gov/programs/sif/sigevidencebased/index.html</p> <p>Note: Prior to approving the application of an LEA seeking to implement a selected evidence-based whole-school reform model, an SEA must ensure the appropriateness of the model by considering the extent to which the evidence supporting the model includes a sample population or setting similar to the population or setting of the school to be served (see I-2) of the USDE Guidance.</p>					
Evidence-Based Reform-Model Selection process:					

<p>An LEA must implement an evidence-based whole-school reform model in partnership with a model developer. Section I.A.3 of the final requirements defines “whole-school reform model developer” as an entity or individual that:</p> <ul style="list-style-type: none"> (1) Maintains proprietary rights for the model; or (2) If no entity or individual maintains proprietary rights for the model, has a demonstrated record of success in implementing a whole-school reform model (as defined in the final requirements) and is selected through a rigorous review process that includes a determination that the entity or individual is likely to produce strong results for the school.
Evidence-based Whole-school Model Developer selection monitoring and evaluation process

Intervention Model Action Plan: Adopt Tiered Intervention Grant (TIG)

Early Learning Model*

Summary of needs analysis this strategy will address (from existing UIP):

Description of Action Steps to address the requirements of the selected Intervention Model:	Pre-implementation Timeline	Year 2- 5 Timeline	Resources (Amount and Source: federal, state, and/or local)	Implementation Benchmarks	Key Personnel
Offer Full Day Kindergarten					
Establish or Expand a High Quality preschool program (as defined in these requirements) 7244 - 7245 Federal Register / Vol. 80, No. 26 / Monday, February 9, 2015 / Rules and Regulations (see definition below this table)					
Provide educators, including preschool teachers, with time for joint planning across grades to facilitate effective teaching and learning and positive teacher student interactions					
Replace the principal who led the school prior to commencement of the early learning model					
Implement rigorous, transparent, and equitable evaluation and support systems for teachers and principals designed and developed with teacher and principal involvement, that meet the requirements described in I.A.2(d)(1)(A)(ii)					
Use the teacher and principal evaluation and support system described in section I.A.2(d)(1)(A)(ii) of these requirements to identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so;					
Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of students in the school, taking into consideration the results from the teacher and principal evaluation and support system described in section I.A.2(d)(1)(A)(ii) of these requirements, if applicable;					

Use data to identify and implement an instructional program that—					
(A) Is research-based, developmentally appropriate, and vertically aligned from one grade to the next as well as aligned with State early learning and development standards and State academic standards; and					
(B) In the early grades, promotes the full range of academic content across domains of development, including math and science, language and literacy, socio-emotional skills, self-regulation, and executive functions;					
Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the educational and developmental needs of individual students;					
Provide staff ongoing, high-quality, job-embedded professional development such as coaching and mentoring (e.g., regarding subject-specific pedagogy, instruction that reflects a deeper understanding of the community served by the school, or differentiated instruction) that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to implement successfully school reform strategies.					

NOTE: If an LEA that is eligible for services under subpart 1 or 2 of part B of Title VI of the ESEA Rural Education Assistance Program (REAP) selects the Early Learning Model, it cannot modify the requirement that the principal who led the school prior to the implementation of the model must be replaced.

***For additional information on the Early Learning Model see pages 66-69 of the GUIDANCE ON SCHOOL IMPROVEMENT GRANTS UNDER SECTION 1003(g) OF THE ELEMENTARY AND SECONDARY EDUCATION ACT OF 1965**

Intervention Model Action Plan: Adopt Tiered Intervention Grant (TIG)

Secondary Success Model (State-Determined Model)*

Summary of needs analysis this strategy will address (from existing UIP):

Description of Action Steps to address the requirements of the selected Intervention Model:	Pre-implementation Timeline	Year 2- 5 Timeline	Resources (Amount and Source: federal, state, and/or local)	Implementation Benchmarks	Key Personnel
LEA identifies strong school leadership by: <ul style="list-style-type: none"> • Reviewing the performance of the current principal in order to demonstrate that the current principal has a proven track record of success; • or Replacing the principal with a leader with a track record of turnaround success 					
LEA provides operational flexibility in the area of staffing in order to ensure that teachers are effective and able to improve instruction by <ul style="list-style-type: none"> • Requiring a review of all staff and retaining only those who are determined to be effective and have the ability to be successful in supporting the turnaround effort; and • Preventing ineffective teachers from transferring to a TIG funded school • Implementing strategies designed to recruit, place, and retain high-quality staff interested in supporting secondary school transformation 					
LEA provides operational flexibility in the following areas: <ul style="list-style-type: none"> • Scheduling in order to align use of instructional time with identified student performance goals, including but not limited to establishing schedules and strategies that provide increased learning time • Curriculum in order to strengthen the school's instructional program through assistance in the identification of an articulated instructional model that is research-based, rigorous, aligned to the Colorado Academic Standards, and responsive to the needs of the student population • Budget authority 					
LEA establishes systems that: <ul style="list-style-type: none"> • Identify, select, and retain high-quality staff interested in supporting secondary school transformation with a proven track record of effectiveness • Use evaluations based on student achievement/growth and reward school leaders, teachers, and other staff who improve student achievement and identify and remove those who do not • Provide ongoing, relevant, job-embedded professional development related but not limited to the following <ul style="list-style-type: none"> ○ The comprehensive instructional program; and • Use of data to inform instruction 					

LEA establishes a system that:					
<ul style="list-style-type: none"> • Develop and implement a specific, rigorous attendance plan to increase average daily attendance and decrease chronic absenteeism. • Implement a data system that identifies students who are off-track to graduate • Creates interventions to rapidly address and support students who are off track to graduate 					
LEA creates structures to support students in the transition from 8 th to 9 th grade, including but not limited to the following:					
<ul style="list-style-type: none"> • Student advisory • Study skills • Intensive academic supports and interventions 					
LEA creates opportunities and structures to support students in credit recovery and post-secondary readiness, including:					
<ul style="list-style-type: none"> • Credit recovery options during the school day and non-traditional hours • Structures and opportunities for students to engage in college-level coursework (e.g. AP, dual enrollment) • Establish opportunities for students to engage in non-traditional, career focused learning including externships, internships, and experiential learning 					
LEA fosters a positive academic school culture by:					
<ul style="list-style-type: none"> • Creating and implementing discipline policies that encourage alternatives to suspension and address students' social, emotional, and health needs. • Developing and implementing a communication plan that ensures ongoing communication with students and families • Developing and implementing a strategy to engage stakeholders in the improvement process and leverage community partnerships for improvement activities
