

Colorado Coalition for Healthy Schools Meeting

June 6, 2014

Adams 12 Training Center

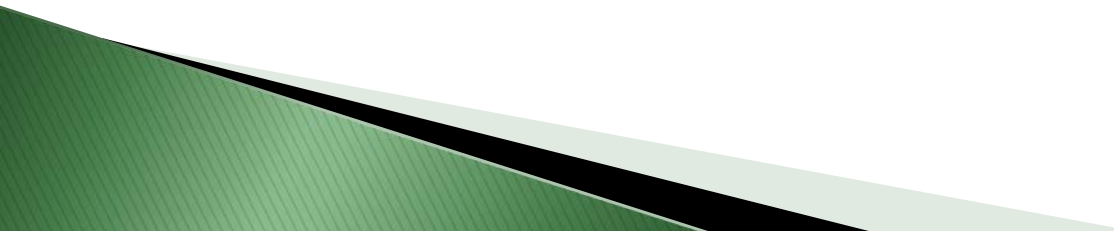

Agenda

- ▶ Welcome/Introductions
- ▶ Healthy Schools Collective Impact Update
- ▶ Hunger Free Colorado Presentation and Resources
- ▶ Break and Networking Time
- ▶ Denver Public Schools Health Agenda, Spanish outreach program, and breakfast expansion
- ▶ Manitou Springs Healthy Schools
- ▶ Networking Time
- ▶ Closure

Meeting Objectives

At the conclusion of the meeting, participants will be able to:

- ▶ Describe efforts and resources from Hunger-Free Colorado including school-based solutions to support student access to affordable, nutritious food.
 - ▶ Identify district examples of utilizing multiple resources for a coordinated approach to Healthy Schools and for outreach campaigns/programs to reach diverse populations.
 - ▶ Explain the status of the "Healthy Schools Collective Impact" work and list opportunities to get involved.
 - ▶ Connect with others supporting healthy schools initiatives.
- 

Meeting Norms

- ▶ Take care of your personal needs
- ▶ Help keep the meeting agenda on track
- ▶ Silence phones and be thoughtful with technology
- ▶ Have fun!

CDPHE/CDE Updates

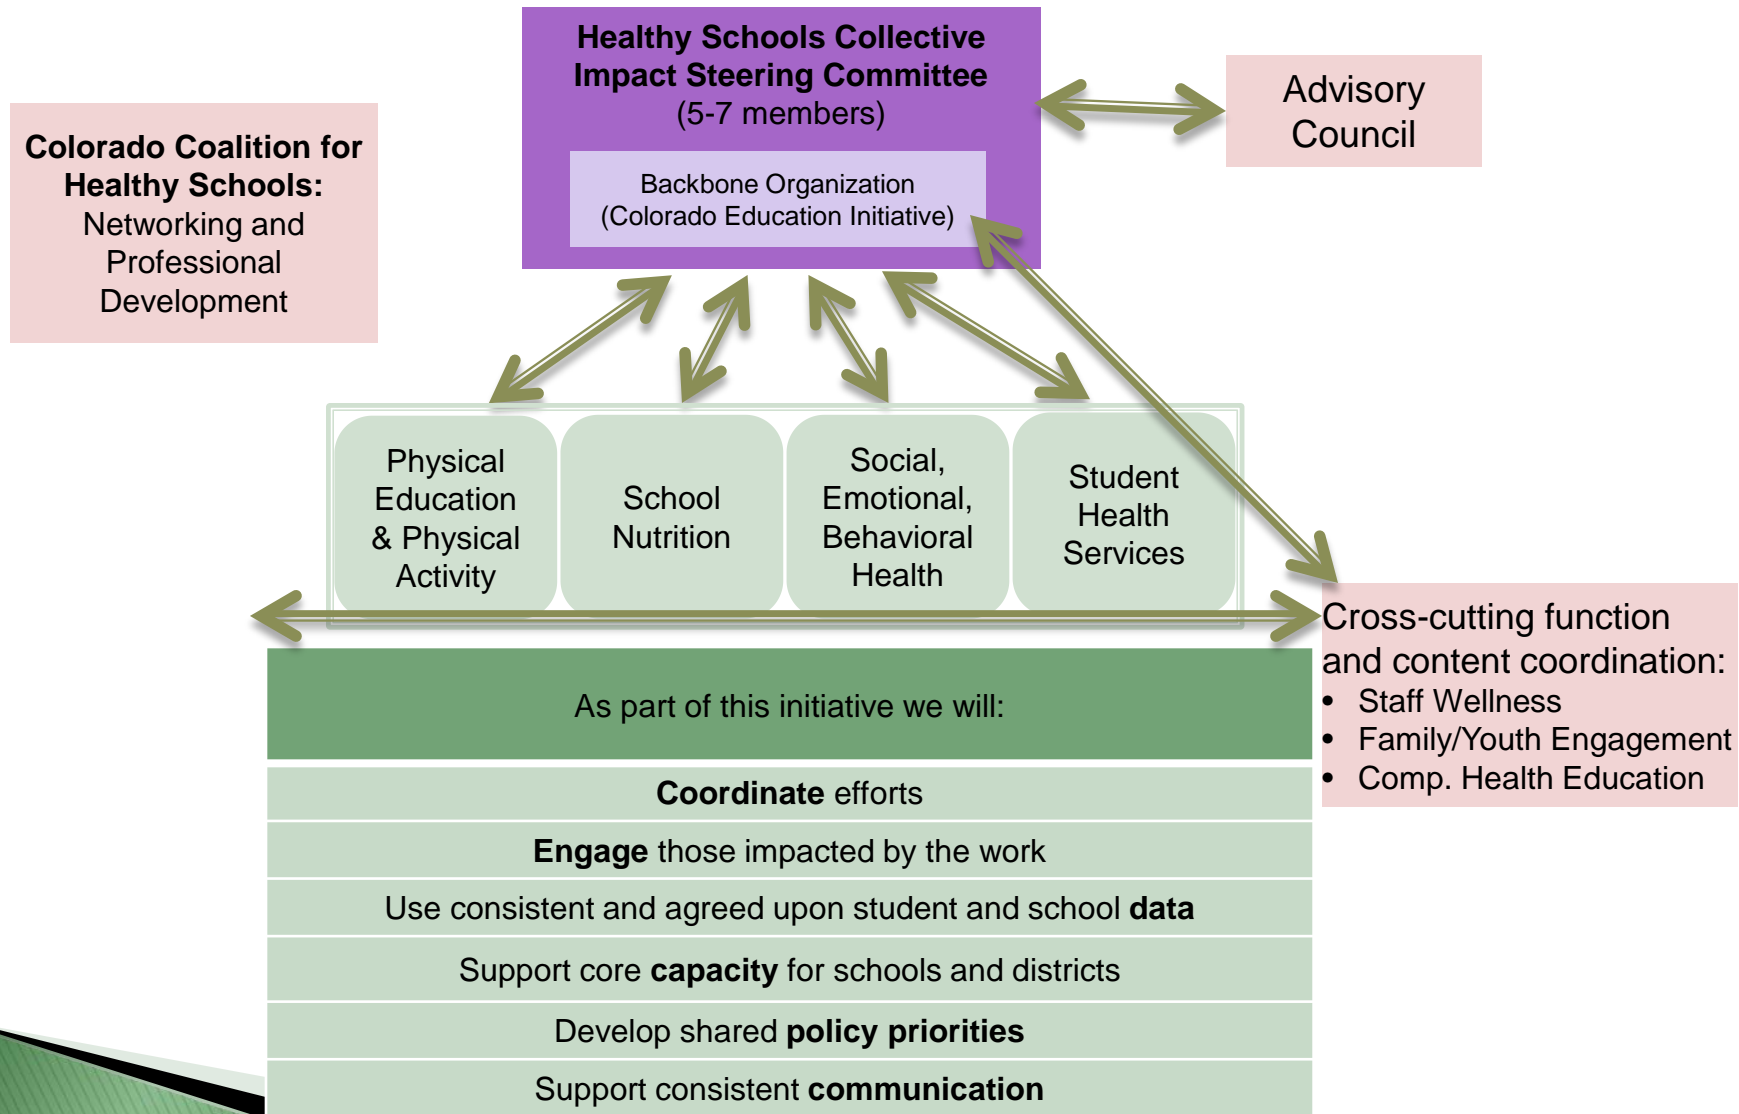

- ▶ Healthy Kids Colorado Survey
- ▶ School Health Profiles
- ▶ Colorado Healthy Schools Smart Source
- ▶ Healthy Schools Collective Impact

The *Healthy Schools Collective Impact* initiative is about partners working together to align efforts and resources to support schools in making their environments, staff and students healthier so that students can reach their full potential in school and life.

Healthy Schools Collective Impact Initiative Description

The *Healthy Schools Collective Impact* initiative is about partners working together to align efforts and resources to support schools in making their environments, staff and students healthier so that students can reach their full potential in school and life.

Coordinate efforts

Coordinate Efforts

Engage those impacted by the work

Use consistent and agreed upon student and school data

Support core capacity for schools and districts

Develop shared policy priorities

Support consistent communication

- Support an agreed upon coordinating entity (Colorado Education Initiative) with guidance from a Steering Committee and input from an Advisory Council
- Align funding for efforts with the recommendations of these coordinating bodies
- Align efforts across the state through content-specific work groups
- Provide a broader “network” to anyone interested in school health to connect and share resources

Engage those impacted by the work

Coordinate Efforts

Engage those impacted by the work

Use consistent and agreed upon student and school data

Support core capacity for schools and districts

Develop shared policy priorities

Support consistent communication

- Ensure that the committees, councils and networks engage and obtain valued input from school and district **staff, parents, students, organizations/agencies** and others impacted by this work
- Address health equity within our work

Use consistent and agreed upon student and school data

Coordinate Efforts

Engage those impacted by the work

Use consistent and agreed upon student and school data

Support core capacity for schools and districts

Develop shared policy priorities

Support consistent communication

- Continue to support and use youth health data collected and shared through Child Health Survey, Healthy Kids Colorado Survey, etc.
- Continue to develop and use a coordinated system to measure school health policies and practices (Smart Source) and limit the data collection burden on schools
- Continue to promote the use of health data for schools to drive programmatic decisions, identify student need and integrate into accountability

Support core capacity for schools and districts

Coordinate Efforts

- Support coordinated and consistent funding/resources for staffing to support health/wellness

Engage those impacted by the work

- Help to provide for unmet needs and resources related to health/wellness

Use consistent and agreed upon student and school data

- Support schools/districts in incorporating this work into an accountability system; recognize schools addressing priority strategies

Support core capacity for schools and districts

- Provide professional development, technical assistance and resources

Develop shared policy priorities

Support consistent communication

Develop shared policy priorities

Coordinate Efforts

Engage those impacted by the work

Use consistent and agreed upon student and school data

Support core capacity for schools and districts

Develop shared policy priorities

Support consistent communication

- Develop shared school health policy priorities at the state, district and local level
- Support schools in understanding and implementing existing policies

Support consistent communication

Coordinate Efforts

Engage those impacted by the work

Use consistent and agreed upon student and school data

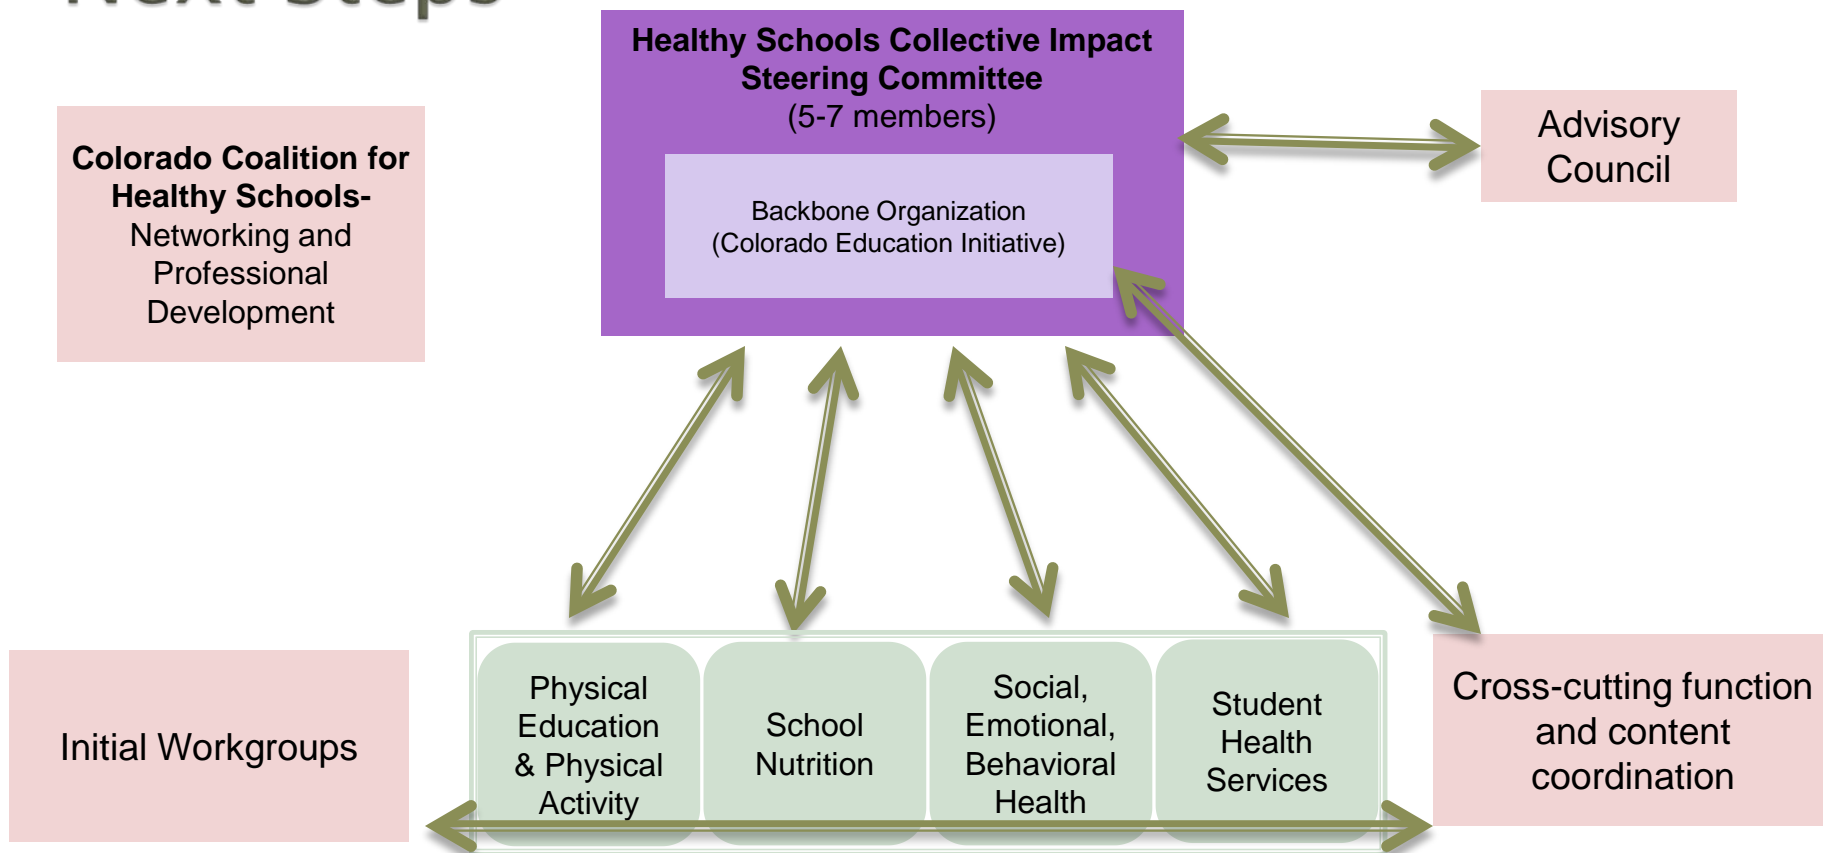

Support core capacity for schools and districts

Develop shared policy priorities

Support consistent communication

- Produce a “one-stop” shop for information and resources related to the priority school health strategies
- Develop and disseminate messaging around the importance of health and wellness in schools

Next Steps
