

What Are Excess Funds?

Excess funds are funds leftover when a sponsor receives more reimbursement money than they spend on allowable costs of the program. Sponsors must use excess funds in a way that benefits the food service of the Summer Food Service Program (SFSP) or other Child Nutrition Programs (CNP) operated by the sponsor. For example, if a sponsor receives \$2,000 in reimbursement and the total cost to operate and administer the program is \$1,500, the positive balance of \$500 is considered excess funds.

How Can Excess Funds Be Used In The SFSP?

Allowable Uses for Excess Funds:
