

CDIP Accepted MTA Substitutions 2022-2023

COLORADO
Department of Education

Microsoft Technology Associate (MTA) Substitutions

The MTA certifications expired and were replaced by IT Specialist certifications. This change was not immediately reflected in the CDIP approval process yet the certifications have been accepted for 2023-2024. As such, we will proactively accept the IT Specialist certifications for the 2022-2023 school year.

Expired certification from the 21-22 list	Accepted certifications for 2022-2023 not reflected on the published CDIP list
