

P-TECH Student Coding October Count & End of Year

“A p-tech school, or the host school for a p-tech program, shall notify the department prior to a p-tech student's twelfth-grade year if the student will continue to be enrolled in the p-tech school for grades thirteen or fourteen” [C.R.S 22-35.3-104(1)(c)]. Per Colorado P-TECH law, students can transfer into a P-TECH school/program no later than at the beginning of their 3rd (junior) year of high school. All students that are participating in a P-TECH school/program during their 3rd (junior) and 4th (senior) years of high school must be reported with **Postsecondary Program code of 15 (in October Count)**, and a **Retention Code of 00 (in End of Year)** in order to be eligible to receive P-TECH funding for their 5th and 6th years.

The student coding progression in this graph assumes that the student met the district’s minimum graduation requirements **at the end of the 4th year and graduated with a regular diploma.**

Years in HS	1st	2nd	3rd	4th	5th	6th
Grade Level	9th Grade	10th Grade	11th Grade	12th Grade	12 Grade	12 Grade
Oct. Count: <u>Grade Level</u>	090	100	110	120	120	120
Oct. Count: <u>Funding Level</u>	80/82/86	80/82/86	80/82/86	80/82/86	80/86	80/86
Oct. Count: <u>PS Code</u>	15	15	15	15	16	16
EOY: <u>Entry Code</u>	*	*	*	02	90	02
EOY: <u>Retention Code</u>	0	0	0	2	2	0
EOY: <u>Exit Code</u>	00	00	00	90	00	23/24
