SACPIE's Legislated Responsibilities

SACPIE

State Advisory Council for Parent Involvement in Education

(New) Vision: All students' life goals are met through family, school, and community partnerships.

(New) Mission: To inform and advise educational systems on best-and-promising practices that support family, school, and community partnerships.

Activity Purpose:

- Build content knowledge about the work of SACPIE
- Identify which legislated responsibilities are most aligned to SACPIE's redeveloped mission and vision
- Identify what SACPIE members are excited to work on and/or learn about

Activity Structure:

- Divide into 3 groups (2 in-person, 1 online)
- Access this Google doc
- Each group selects 1 “section” of the document to review
- Review the advisory duties and respond to the prompts in the table as a group (only one note-taker necessary per group)
- We will share out as a whole group after 20 minutes

Whole Group Discussion:

Based upon the responsibilities that you just reviewed...

- What are you excited to work on? Where do you see the opportunity to get involved?
- What would you be curious to learn more about?
