

Lumberg's Math & Muffins

Lumberg Elementary School

Description/Summary

On January 26th, parents and students had great fun with math at Lumberg Elementary School's Math & Muffin family event! Our FSP parent representatives wanted to showcase this event because it promoted easy ways to use and practice math skills at home. Families came together to play with cards, dice, or board games showing off their number skills and game strategies. In each classroom, teachers had materials in English and Spanish for games appropriate to their students' grade level. Regardless of age, everyone found opportunities to apply math strategies in a variety of games that were perfect to play at home. Creating a welcoming environment for all our families is a key goal that is very important to help students achieve academic success. FSP parent representatives are sharing great moments captured during this event throughout the school. Now all parents and their children can see how using math in their daily lives is something to look forward to with the whole family!

Key Elements

- **Provided parent involved activities that strengthened the families' understanding of skills to develop for student success.**
- **Families discovered easy ways, at every grade level, to use and practice math skills at home.**
- **Provided an additional math activity for our dual language students that built vocabulary in a welcoming environment that promoted learning together.**

We are ONE – We are Title I

Family School Partnership Representatives:
Rachel Gotwald and Maurlene Perea
Principal: Rhonda Hatch-Rivera
Family Engagement Liaison: Pliar Castro-Reino

Family School Partnerships

Jefferson County Title I Family-School Partnership group is made up of family representatives from each Title I school, Title I Family Engagement Liaisons, and Title I department staff. We meet six times throughout the school year at the District Education Center in the Boardroom. To remove barriers for families, Title I provides food and child enrichment programs at each meeting.

This year, FSP families gained knowledge of the 6 National Standards for Family School Partnerships and then looked within their own school communities to identify and highlight a promising practice and worked link it to student success.

Link to Student Outcomes

- **Lumberg Elementary maintained their SPF rating for the 2018-19 school year.**
- **Increased families' consistent understanding of math skills and concepts in English and Spanish for every age and grade level.**
- **Built stronger parent / school partnership to increase student achievement for our dual language school.**
