

Webinar Series: What About Maths?

Part I: Let's Get Vertically Aligned in Maths: Student Support Strategies that Promote Conceptual Understanding Across the Grades

What:

- Two 45-minute live webinars that will address vertical alignment and conceptual understanding of multiplication across the grades.

When:

- Elementary Focus: Wednesday February 12, 2025, from 4:00 to 4:45pm
- Secondary Focus: Thursday February 13, 2025, from 4:00 to 4:45pm

Part II: Let's Get Vertically Aligned in Maths: Student Support Strategies that Promote Conceptual Understanding Across the Grades

What:

- Two 45-minute live webinars that will address vertical alignment and conceptual understanding of the numeracy of integers across the grades.

When:

- Elementary Focus: Wednesday March 5, 2025, from 4:00 to 4:45pm
- Secondary Focus: Thursday March 6, 2025, from 4:00 to 4:45pm

Where:

- A Zoom link will be sent after registration

Presented By:

Juliana Tapper - Math Interventionist and Founder at CollaboratEd

Dr. Mindy Adair - Director of Mathematics and Technology Integration Specialist at Denver Academy

Emily Ottinger - Specific Learning Disability Specialist at the Colorado Department of Education

Webinar Objectives:

Part I:

- Exploring how to best support students' conceptual development.
- Deepening teacher understanding of vertical alignment and content progressions of multiplication (including fractions!) across the grades.
- Investigation tasks as effective student interventions.

Part II:

- Deepening teacher understanding of vertical alignment and content progressions of numeracy of integers across the grades.
- Investigating how differentiation impacts student learning.
- Exploring structured thinking tools that promote consistent and cohesive learning.
