

2015-2016 Student Interchange –Advanced Course Completion

Purpose:

The purpose of the Advance Course Completion file is to represent those students who enroll in a post secondary enrollment program or who complete an advance placement course in the school year.

Important:

Completion of this interchange is not required for Student October. Data entered here for Student October is not included in the Student October snapshot nor does it impact Student October funding. Post Secondary Program Enrollment for Student October should be entered in the Demographics file.

Dependencies:

Student has been assigned a SASID and updated in the RITS system.

A record for the SASID/student exists in the Student Interchange-Student Demographic file.

A record for the SASID/student exists in Student Interchange-Student School Association File

Record Expectation:

Records in this file should represent the student's current status. If the student is actively enrolled in a post-secondary program or has completed an advance placement course within the currently selected school year, this would be reported in the respective semester.

The LEA should submit:

- 1) The Post Secondary Enrollment Program field should contain the student's current status in the post-secondary program during the school year. If the reporting date is after the Semester 1 or Semester 2 dates, then the student's last status for the program should be reported in the respective field.
- 2) Students who complete an Advance Placement Course within the district within the currently selected school year.

A student could have multiple records in this file if he/she attended multiple schools within the currently selected school year.

- Indicates Primary Key

Postsecondary Program--Colorado Law provides for high school students to apply credit earned at postsecondary institutions toward high school graduation as well as a postsecondary degree or certificate. Eligible students shall not be more than 21 years old, shall be enrolled in grades 9-12 at a Colorado public school district, and shall have given written notice to the resident school district of intent to enroll at least two months prior to such enrollment. The participating school district and the institution of higher education shall enter into a written cooperative agreement which shall include but not be limited to academic credit and payment of tuition.

First and/or Second Semester A or B Postsecondary Participation – Indicate which Post Secondary Program a student participated in for each semester and whether or not the school district paid tuition to the Institution of Higher Education.

Please Note: Coding 1, 2, 7, or 8 requires that the school district enter into a legal agreement with an institution of higher education.

8	Dropout Recovery at Community College A dropout recovery program allowing a student who has dropped out of high school, or a student who is at-risk of dropping out of high school, to complete his or her high school graduation requirements exclusively at the community college. Any individual age 16 to 21 who has dropped out of school may participate with the permission of the school district. A participating student who is enrolled in at least seven credit hours per semester is counted as full-time in the school district’s funded pupil count.	Age: 16 to 21

NOTES:

- Report postsecondary course participation in the semester during which the participation took place. If a course spans multiple semesters (i.e. a year-long class), report program participation in both semesters. If your district operates on a trimester or other non-traditional schedule, you will need to make a determination regarding which semester (1st or 2nd) you will assign postsecondary participation to, then consistently apply this determination for all Post Secondary Program students.
- The “A” and “B” designation is used only when:
 - A student participates in more than one postsecondary course in a semester and attends differed Institutes of Higher Learning for each course.

First and/or Second Semester A or B Institution Code – The four-digit code of the eligible institution of higher education where the student is receiving education services during first and/or second semester. To find a list of institution codes, please refer to the "Higher Education Institution Codes" worksheet posted at http://www.cde.state.co.us/datapipeline/org_orgcodes.
